

REDUCED COURSE LOAD (RCL) GUIDELINES

1. F-1 students are required to be enrolled full-time during the Fall and Spring semesters.
 - a. **Summer enrollment is only required if it is the student's last semester, or it is required for their program.*
2. F-1 students seeking to reduce their full-time course load **must obtain prior approval** from their DSO.
3. F-1 students that drop below full-time **without prior approval** are considered **out of status**.
4. An RCL can be approved **once per education level** (**Exception: Medical condition or concurrent/transient enrollment**).
 - a. Medical RCL Requests must be **submitted each semester** the student plans to be enrolled less than full time, and **updated** medical documentation is required (**no exceptions/waivers**).

RCL Criteria (Students must meet criteria reason they select):

Academic Difficulties Approved Reasons (May be granted for First/Initial Term only – per education level):

- Improper course level placement (**may be considered beyond the first semester for extenuating circumstances only**)
- Initial difficulty with reading requirements
- Initial difficulty with the English language
- Unfamiliarity with American (U.S.) teaching methods

Academic Difficulty Enrollment Criteria:

- **Undergraduates** must remain enrolled in a minimum of **six** credit hours.
- **Graduates** in a minimum of **4.5** credit hours.

Medical Condition: May be approved for serious medical conditions that restrict the student's ability to attend classes and pursue a full-time course of study.

- Students must submit signed formal documentation on letterhead from a licensed medical doctor (M.D.), doctor of osteopathy (D.O), a psychiatrist, or licensed clinical psychologist, stating the illness/medical condition, and recommendation for a reduced course load; a medical RCL for no course load can be granted per **doctor recommendation only**.
 - a. **Documentation must be submitted each semester for additional medical RCL requests.**
- Medical RCLs **may not exceed** the maximum aggregate time of 12 months per education level.

Completion of Course of Study (Granted for students completing their final term of the program only):

Students in their last semester that meet the requirements for program completion, may be approved for a RCL if they require less than full-time status to complete their program. (**Graduates in thesis/dissertation must enroll in at least one credit hour.**)

Concurrent Enrollment (Transient Student): Students may request to meet the full-time enrollment by simultaneously registering at Florida Poly and another institution. A [Transient Study Request](#) must be submitted to the Registrar's Office.

- Students must be registered at Florida Poly for **at least half the required credit hours**.
- An approved Transient Request by the Registrar and proof of registration at the Transient School is required.
- An [official transcript](#) of completed transient study with course(s)/grades(s) be submitted to Florida Poly's Registrar.
- You may not drop/withdraw from transient classes or school, or Florida Poly without DSO approval.

Please complete this form to request RCL approval. Approval is on a **semester-by-semester basis**. Requests must be submitted **prior to dropping or withdrawing** from a full course load. Submission of this request **does not** constitute approval; students will be contacted by a DSO (Designated School Official) regarding the final decision. Required signatures and supporting documentation must be submitted with the request or will not be considered.

GRADUATE STUDENTS: University policies require graduates to meet standard full-time enrollment criteria to be eligible for a graduate fellowship or assistantship (e.g., GA). RCL approval **does not change this requirement**; graduates not receiving a qualifying award **will be responsible** for tuition and fees at the non-Florida resident rate.
